

Tool 2: The LAPA Flash 48h

Critical checklist to prevent irreversible harm when the full diagnosis is not yet possible

SCOPE: CROSS-CUTTING**ACTIVATION: ULTRA-RAPID PROTECTIVE STABILIZATION, 0 TO 48 HOURS**

The LAPA Flash 48h does not replace the full Stage 2 diagnosis: it prevents irreversible harm in the interval.

PATRIMONY CHECKLIST

- ☐ Immediate block on bank cards and checkbooks
- ☐ Online banking access frozen
- ☐ Suspicious banking powers of attorney suspended or revoked
- ☐ Banks alerted on outgoing transfers
- ☐ Documents physically secured: deeds, life-insurance contracts, banking records

LIFE AND AUTONOMY CHECKLIST

- ☐ Emergency judicial safeguard if no protective order exists yet
- ☐ Housing checked: actual occupancy, condition, security
- ☐ Access to care checked: physician reachable, treatment ongoing, follow-up secured
- ☐ Priority meeting with the person, alone if possible

ACTORS CHECKLIST

- ☐ Third parties posing an immediate risk identified
- ☐ Key institutional actors alerted: court, prosecutor if offense suspected, social services
- ☐ Single coordination lead named within 48 hours
- ☐ All contacts and messages received documented immediately

PROSECUTOR REFERRAL THRESHOLDS

- Proven or imminent physical danger
- Large-scale financial capture under way: sale, gift, major transfers
- Suspected abuse of weakness or unlawful confinement
- Serious obstruction of the person's access to care or safety

Adaptation notice. The escalation criteria above are illustrative and must be adapted to the applicable reporting duties, professional authority, institutional protocols, privacy requirements, and State law of the jurisdiction in which the tool is used.
